

## Pour créer une activité dans Notebook

1. Créer des contenants et des éléments de réponse

2. Cliquer sur l'onglet Créateur d'activité

Formes angulaires

Formes arrondies

The screenshot shows the 'Créateur d'activité' (Activity Creator) software interface. At the top, there is a toolbar with various icons. Below it, the 'Objets' (Objects) tab is active, showing a list of shapes and colors. A 'Paramètres' (Parameters) tab is also visible. The main workspace contains a collection of shapes: a yellow star (checked), an orange circle (unchecked), a pink hand (unchecked), a yellow triangle (checked), a purple 'G' (unchecked), a blue square (checked), a green pentagon (checked), a cyan triangle (checked), a red hand (unchecked), a green rounded rectangle (unchecked), a red octagon (checked), a light blue star (unchecked), a red hand (unchecked), a purple semi-circle (unchecked), a green circle (checked), and a dark blue oval (unchecked). A callout box points to the 'Objets' list with the text: "5. Glisser ici les éléments de réponses associés à ce contenant". Below the workspace, there is a 3D cardboard box with the text "Formes arrondies" on its side. A callout box points to the box with the text: "8. Répéter pour le 2e contenant". In the bottom left, there is a 'Terminer' (Finish) button. A callout box points to it with the text: "7. Cliquer Terminer". Another callout box points to the 'Ajouter tout ce qui reste' (Add everything that remains) button with the text: "6. Choisir Ajouter tout ce qui reste pour les mauvaises réponses".
